**Harvest Feast.**  
Saturday was observed by the Norway Grange as the day of the harvest feast. There was a large attendance, though we heard one of the members say there were more in the dining hall than in the Grange hall proper. We presume that was because several outside the Grange were invited to the dinner, and if any one is fortunate enough to get an invitation to a harvest feast they always attend. The tables were loaded with food and decorated with flowers. It was a merry crowd that "gathered round the board." They talked and laughed and did ample justice to the handiwork of the good housewives, spread before them. In the afternoon there was a display of fruit in the hall. The big round apples glistened in the light. There were plates and plates of fruit. The farmers and their wives talked of the merits of the different kinds and made the exhibit very profitable. There were literary exercises and an open meeting till recess.

A beautiful drill by the ladies was given. The exercises were not all carried out owing to there being a funeral of a very worthy member, David Gurney, and nearly all the members attended. He was librarian for several years and was highly respected.

## Oxford Supreme Court.

OCTOBER TERM.

Monday morning, the jury in Tripp vs. Hiram reported a disagreement.  
Francis A. Fox then put on the case of Holmes vs. Porter, before the second jury. This case was brought by E. F. Gentleman and had been transferred to the care of Mr. Fox. N. T. Holmes, a trader at Kezar Falls village, had a bill against Andrew J. Smith of Ellingsham, N. H. On this bill of \$24 Holmes got a capias writ to attach Smith's property in Maine or take his body to jail. The officer attached 1525 pounds of hay and also arrested the debtor at Kezar Falls. The hay was sold at sheriff's sale and netted six dollars. The officer let the debtor go from his custody. This action was brought to recover from Fred A. Porter, the then high sheriff, for the remainder of the debt; Holmes claiming to have lost it through neglect of Porter's subordinate to keep the debtor in custody. The judge ruled on the law, saying that it was illegal to attach property and arrest a man on the same process and threw the case out of court.

Frederick M. Burt retracted his plea of not guilty, preferring to throw himself upon the mercy of the court and ask for a mitigation of sentence.

Thomas Commier was tried before the second jury and convicted of illegal transportation of intoxicating liquors. Sentence, 30 days.

Fred E. Tucker of Rumford Falls pleaded guilty to keeping a disorderly house and was sentenced to a fine of \$150 or four months in jail. Ten days allowed for paying the fine and meanwhile he went to jail.

She is 17 years old, and like the rest of the family, except Fred, has not borne a bad reputation. Her mother has been a good mother and oldest brother and is not only the housekeeper but one of the breadwinners of the family. After a severe lecture from the judge, she was put on probation, the case being continued for sentence.

Court adjourned till Tuesday morning. The docket case of Augustus J. Knight of Rumford vs. the Rumford Falls Power Co. was brought some time ago, and was referred to Judge Walton.

In the case of Adelaide D. Shattuck vs. Alfred Shattuck, Judge Stratton, the referee, gives the plaintiff \$204. The case was the outcome of family troubles in the Shattuck family at Norway Lake.

The plaintiff is the daughter of the defendant, and the suit was brought for her services and money which she had expended in improvements upon the homestead. The amount sued for was considerably larger than the award.

Tuesday morning, Rogers C. Sumner of Lewiston was put on trial on the charge of single sale. A special jury was drawn, consisting of jurors Abbott, Bennett, Childs, Deane, Deane, Deane, Godwin, Harrington, Heald, Ingalls, Cummings and Virgin. Mr. Harrington was appointed foreman. The charge was that Sumner sold some whiskey to Daniel O. Swift of South Paris, on one day of the last county, and was put on the stand and testified to the occurrence. The defense was a flat denial. The jury was out 40 minutes, and found him guilty.

While and after the jury was out, a string of prisoners was brought in and sentenced, as follows:

## Chair Factory Failure.

On Wednesday, the Bethel Chair Company made an assignment of all its property to Samuel B. Twitchell of Bethel for the benefit of its creditors. The non-payment of assets show to be more than the liabilities, but there will be a shrinkage on some of the assets in a forced sale as there is considerable machinery and stock from which full value cannot be realized on quick sale. It is thought, however, that the loss to the creditors will be small. The stockholders will suffer most. In order to realize the most for the creditors the material and stock on hand in a partially manufactured condition will have to be made up to the regular way. To accomplish this the business will have to be continued for some time, as there is a large amount of chair stock in the factory and yards.

About June 1st new capital was put into the business and it was supposed to be on a firm foundation, but upon taking a careful account of stock, it has been found that the assets are much less than was supposed. With insufficient capital on which to do business and lacking ready money with which to pay maturing obligations, it was considered best to assign in order that if the assets should be insufficient to pay all creditors in full, all would be ratably paid.

During the past six months the business of the company has been excellent and it is to be said, conditions rather than to any recent losses that the present condition is due. The company has employed some forty men and if the business is closed up, its loss will be keenly felt in the community. Mr. Twitchell, the assignee, is the president of the Bethel Savings Bank, and an experienced business man. Under his direction the matters of the company will receive careful attention.

A tile drain has been laid from the low place on the southerly side of the company's land where much water formerly gathered into the gulch which carries the water across the track and into the fields below.

## Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and by day, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Noyes Drug Store, Norway, F. A. Shurtliff & Co., South Paris. 42-43.

T. Wentworth Hill of the Green Hill neighborhood, Conway, has recovered from his late severe illness and is spending a few days with his son, D. B. Hill, helping him about some of the lighter farm work, husking corn, etc. Mr. Hill will be ninety-three years old in December next.

Mrs. S. F. Ballard, who rounded out her ninetieth year, Wednesday, the 11th inst., was lamented on the occasion by loving letters from relatives and friends in some instances from the far Dakotas and from other states less remote, as well as from friends in Fryeburg and elsewhere. Dainty gifts accompanied the missives in many cases. Tokens of the estimation in which this lovely oldest club woman of America is held. Mrs. Ballard received a few visitors, mostly near relatives, on her birthday, her rather feeble health making anything like a celebration impracticable. It is to be hoped Mrs. Ballard will regain her usual good health and reach the century mark with mind and health unimpaired.

The Stirling Literary Club met, Tuesday, the 13th inst., at the home of Mrs. F. Ballard. It held the annual meeting, some time was spent balloting for the club officers, namely:

Pres., Mrs. S. O. Wiley.  
Vice-Pres., Mrs. W. F. Chandler.  
Sec., Mrs. Hattie Towle.  
Libr., Mrs. S. O. Wiley.

Mrs. H. D. E. Hutchins and Mrs. G. Wentworth were chosen delegates to attend State Federation meetings in Waterville, Oct. 10, 11 and 12.

Reports on the last year's work were made by the recipients of a plate, cup and saucer of china and a sugar bowl and cream pitcher of crystal "for every day use," and the presentation speech on behalf of the club by the new president, Mrs. Wiley, though genuinely imprudent was appropriate and neat.

Mrs. Ballard responded with loving words from one of the loveliest hearts in the world. Reports of retiring officers, designating of committees for programs of alternate meetings, agreeing upon course of study for the year and docking on place of next meeting absorbed the time remaining and the club adjourned to meet with Mrs. Towle on Tuesday, the 17th inst., the meeting to be followed by a club tea with the club husbands in attendance.

## Punkin Pl.

Josh Billings once wrote: "Punkin pi is the best thing any New Englander. They eat vittles and drink. They ar joy on the half shell. They ar glory enuf for one day, and ar good cold or warmed up. I would like to be a boy again for just sixty minutes, and fill my pull of the blessed old punkin pie. 'Eay man who don't like punkin pi needs watchin' cios, for he means to do sumthin' mean the first good chance he gets. Give me all the punkin pi I could eat when I wuz a boy and I didn't care for nothin' else. Now that I have grown up to manhood and run for the Legislature once and only got beet 85¢ votes, there ain't nothin' I hanker after wuss and can bury quicker than to-thirds of a punkin pi inch thick and well smelt up with ginger and nutmeg."

Punkin pi is the oldest American beverage I kno av, and ought to go down to posterity with the trademark of our grandmothers old pie; but I am afraid it won't, for it is tuff even now to find one that tastes in the mouth as it did, forty years ago."

## CRITICAL PERIODS

In Woman's Life Are Made Dangerous by Pelvic Catarrh.

Mrs. Mathilde Richter, Doniphar Neb., says: "I suffered from catarrh for many years, but since I have been taking Peruna I feel strong and well. I would advise all people to try Peruna. As I used Peruna and Man-a-lin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me from all my ills."

Peruna has raised more women from beds of sickness and set them to work again than any other remedy. Pelvic catarrh is the bane of womanhood. Peruna is the bane of catarrh in all forms and stages. Mrs. Col. Hamilton, Columbus, O., says: "I recommend Peruna to women, believing it to be especially beneficial to them."

Send for a free book written by Dr. Hartman, entitled "Health and Beauty." Address Dr. Hartman, Columbus, O.

The microbes that cause chills and fever and malaria enter the system through mucous membranes made porous by catarrh. Peruna heals the mucous membranes and prevents the entrance of malarial germs, thus preventing and curing these affections.

What Physicians and Other Remedies Failed to do, Cured with Wardwell's Catarrh Cure.

Are you troubled with this dangerous and disagreeable disease? Have you droppings of an unhealthy nature from the head to the throat and stomach? Is your breath offensive? Is the nose stopped up? Do you take cold easily and in fact have something like a cold the most of the time? Do you have noises in the head? Are you gradually growing deaf and are you worse when you have a severe cold and in fact think at times that life is hardly worth the living?

Mr. Maurice Bowker of Oxford, Me., states: "WARDWELL'S CATARRH CURE has been with me the difference between good health and years of battling with this disagreeable and dangerous disease. I was greatly afflicted from a boy. I used two bottles and find my cure complete and permanent and have had no return of the disease."

Mr. A. E. Hill of (Oxford, Me.), states: "I have been a great sufferer for years with an old chronic head trouble. Have consulted many physicians and tried about all the different preparations on the market for such troubles without receiving any good. I have received a very great benefit by the use of WARDWELL'S CATARRH CURE and find it a most reliable remedy. I can gratefully recommend it to all fellow sufferers."

WARDWELL'S CATARRH CURE

Since the introduction of WARDWELL'S CATARRH CURE there is probably no preparation that has been given such rapid results and performed such a list of cures. Tests have thoroughly many of the cases were of long standing, the patients having tried almost every known remedy.

How much more pleasantly the day passes after a good night's sleep with the head clear and nature free from the poisonous effects of this dreaded disease. It relieves the tired head at once, it quickens the brain to thought, it fits one for the cares of the day and helps nature overcome many troubles that must have resulted in suffering and sickness. By the use of the new improved inhaler it is applied directly to the seat of the disease, leaving the head clear and open, the breathing easy, and in every case in a restful and soothing condition. This course of treatment is supported by the best minds, reason and common sense. A guarantee with every bottle. It is safe to give to any sick person in the MOST OBSTINATE CASE your druggist is authorized to refund the money.

Sold by druggists generally. Sold in Norway by F. P. Stone and at the Norway Drug Store; F. A. Shurtliff & Co., South Paris; Geo. E. Jones, Oxford. Wholesale by Cook, Everett & Farnell, Portland, Me.

Mormon Corner formerly Greenwood City.

Some few weeks ago, four Mormon Elders came to this place and commenced a series of meetings at the Methodist meeting house, as exponents of Mormon religion. Crowds turned out to hear them, most of them out of curiosity to hear what the Elders had to say in defence of Mormonism. Their meetings began to grow interesting and converts came forward and espoused their cause. They were invited to go to Greenwood Center to hold meetings in the Baptist church at that place, which they did. They have already baptized five persons, two men and three women, one old maid who may be hoping she may become one of the plural wives of one of the Mormon Elders. They say that there are more on the way. They say when they can secure eight or ten converts to their faith, which they now feel sure of, they will build here a small church for their faith. They offer young married couples that embrace their faith to pay their expenses to Utah and give them sixty acres of land.

Under the circumstances it has been thought best to change the name of this place to Mormon Corner or Utah Corner, which will be later decided upon. Jno.

Quiet and calmness pervading the last Friday morning, when about 7 o'clock the bells rang the alarm of fire. It proved to be the C. Withington & Sons' brass manufactory, which was wholly consumed. J. A. Harlow had lighted the lamps under the pitch pan and had gone to bed. The blaze drew up as it often does, with all lamps, which caught the pitch, hence the fire. It looked at one time as though the hand tub was about to extinguish the fire, but for one partition and the dense smoke it failed. The fire was so close kept back that the lower floor was about cleared of machinery and stock, while above there was much stock of an expensive sort. The hand tub under the charge of A. W. Libby did excellent service in saving bulk head and machinery, and adjoining buildings. C. H. Prince and Thos. Bridgman owned the building on which was an insurance of \$1000. Machinery, stock, etc., was owned by stockholders, and was insured for \$2,500. It became a great fire in the business beside the throwing out of employment 20 hands more or less. Chas. E. We have had several very warm, pleasant days for the season. Many people are still short of water and have to obtain it from a distance.

Foxes have been very troublesome, this season. Quite a number of our townsmen have lost poultry by the means. Two or three foxes have been shot.

I am told that Ashbell Allen has recently lost two nice heifers a few months old, also a sheep, and do not understand the cause of the death of any of the animals as they have seen that they had water.

Very little while we hear that the long talked of R. R. is surely coming to our village. We don't believe it just the same. If such a thing should happen, hope we shall not be so blind and deaf with old age as not to see and hear.

Horatio Stearns and son Fred had an old-fashioned husking, last Friday evening. There were about fifty huskers and over two hundred bushels of corn were husked, after which they were invited to the dining-room, where a nice supper was prepared for their refreshment. Mr. Stearns had three acres of corn and estimated his crop to be over three hundred bushels raised with no fertilizer except barn-yard manure.
